LinkedIn: [adarsh-kejriwal](#)

GitHub: github.com/Adarsh-Kejriwal

Email: adarshkejriwal2016@gmail.com

Mobile: +91 7584910968

SKILLS

Programming Languages: C, C++, Python, Java

Core Concepts: OOP, Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Web Technologies: HTML, CSS, JavaScript

Machine Learning: Scikit-learn, Pandas, NumPy, TensorFlow

Development Tools: Git, GitHub, VS Code, Google Colab

Databases: SQL, MongoDB

Soft Skills: Problem Solving, Critical Thinking, Communication

PROJECTS

Water Quality Testing Kits | [GitHub](#)

February 2025 - April 2025

- Developed a water-quality monitoring system to assess water conditions and classify sources as Potable, Usable for Chores, or Unsafe.
 - Implemented data processing and machine-learning functionality using Python, Pandas, NumPy, and Scikit-learn, with a web interface built using HTML, CSS, and JavaScript.
 - Enabled users to monitor and compare multiple water sources, supporting informed decisions about the suitability of water for different purposes.
 - Technical Skills Used: HTML, CSS, JavaScript, Django/Flask, REST APIs, Pandas, NumPy, Scikit-learn
- ### Smart Editor - OCR-Based Text Recognition | [GitHub](#)

January 2026 - May 2026

- Developed an OCR-based application to extract editable text from images and simplify digital text conversion.
- Implemented image preprocessing using OpenCV and integrated EasyOCR with a Flask backend to improve text-recognition functionality.
- Delivered a web-based interface that allows users to upload images and obtain extracted text for further editing.
- Technical Skills Used: Python, OpenCV (image preprocessing and edge detection)

TRAINING

Cipher Schools - CPP Programming with OOPS | [CipherSchools](#)

June 2026 - August 2026

- Learned the fundamentals of C++ programming, including syntax, variables, data types, and operators
- Developed a strong understanding of Object-Oriented Programming (OOP) concepts in C++
- Studied and implemented classes and objects for structured and modular programming
- Conceptualized key OOP principles such as Encapsulation, Inheritance, Polymorphism, and Abstraction

CERTIFICATES

- [Udemy](#) - Master Generative AI & Generative AI tools. August 2025
- [Udemy](#) - Build Generative AI Apps and Solutions with No-Code tools August 2025
- [Infosys Springboard](#) - ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI and LLM August 2025
- [Infosys Springboard](#) - Computational Theory: Language Principle and Finite Automata Theory August 2025

ACHIEVEMENTS

- Coding Practice and Algorithmic Problem-Solving December 2023
- Completed coding and algorithmic problem-solving exercises to strengthen DSA skills December 2023

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering

Phagwara, Punjab, India

August 2023 - Present

Priyadarshini Public School

Kulti, Paschim Bardhaman

Intermediate; **Percentage: 69.8**

April 2022 - March 2023

Priyadarshini Public School

Kulti, Paschim Bardhaman

Matriculation; **Percentage: 76**

April 2020 - April 2021
